## ANNUAL TOWN MEETING, March 11th 1970

### Commonwealth of Massachusetts

The meeting was called to order by Moderator Allegrezza at 8 P.M. The Monitors reported 207 persons present, a sufficient number for a quorum. The Town Clerk read the warrant and the officer's return thereon.

The result of the election in Precinct 4 to fill two vacancies was announced: John H. Cook, 18 Taft Street and Jean M. Shores, 40 West Fountain Street.

Radio Station WMRC was given permission to broadcast the meeting.

At this time John J. Hennessy addressed the Moderator and meeting and requested that the Moderator sing the Star Spangled Banner. All members joined in.

Chairman of Selectmen Noferi was given permission to address the meeting.

Chairman of Finance Committee Domenic D'Alessandro was given permission to address the meeting.

Article 1. To hear and act upon reports of all Town Officers and Committees of said Town.

The following report was read by David Hayes.

#### Report of the Town Govt. Study Committee

The Town Government Study Committee (T.G.S.C.) is a committee appointed by the Selectmen. Its assigned function is to study local governmental structure. On June 18, 1969 the T.G.S.C. held its reorganizational meeting and elected new officers. In order to obtain a broader representation of our community the committee requested, and on July 14, 1969 the Selectmen approved, the expansion of the committee to twenty-nine members.

Since that time the T.G.S.C. has been addressed by several guest speakers. All are considered prominent authorities in Municipal government. The speakers included Atty. William Leonard an authority on the Home Rule Amendment and Chairman of the Northboro Charter Commission. John Cronin, Executive Secretary of Milton. Mr. Robert O'Hare, Director of the Bureau of Public Affairs at Boston College. Michael P. Curran, Former Chairman of the Home Rule Implementation

Committee and presently associated with Municipal Consultants Incorporated.

On August 29, 1969 the T.G.S.C. distributed a questionnaire to our public officials to obtain their opinions on our governmental structure. This survey indicated that many town officials felt a need for further study. As a result of these addresses, the survey and the research of our subcommittees, the Town Government Study Committee on October 29, 1969 unanimously endorsed the establishment of a Home Rule Charter Commission.

Our petition drive to secure the 1489 valid signatures to place the question of a Charter Commission on ballot was successful and as you know the voters of Milford approved the formation of a Charter Commission by a three to one margin.

As stated previously the purpose of the Town Government Study Committee, an appointive committee, is to study local governmental structure. The purpose of the Milford Charter Commission, an elected body, is also to study local governmental structure, and to draw up a charter for Milford. I have discussed the future role of the T.G.S.C. with several of its members and consequently I feel that it would be wise to request the Selectmen to suspend the activities of the T.G.S.C. until the Milford Charter Commission completes its study.

Respectfully submitted,  
DAVID P. HAYES  
*Chairman T.G.S.C.*

Members of the T.G.S.C. are:

Harris M. Tredeau, Vice Chairman; Julie A. Rizoli, Secretary; George F. Belforti, Edward C. Carroll, Richard B. Carter, Fred W. Clarridge, Atty. Anthony N. Compagnone, Salvatore P. Cimino, George F. Daniels, L. Michael DeManche, Jr., Mary A. DiBattista, Stanley Jones, Joseph P. Lopes, Roy Lovell, Jennie Macchi, Samuel J. Mancuso, Harold E. Marcus, Atty. William F. McAvoy, Paul F. McCormack, Dr. Nicholas L. Micelotta, Michael J. Noferi, Robert F. Pagnini, John A. Pilla, John P. Pyne, Albert C. Sayles, Jean M. Shores, John N. Smith, Mary M. Zacchilli.

It was moved and seconded to accept the report.

The following report was read by John J. Hennessy.

#### Committee to Establish a Fire Prevention Code

Mr. Moderator:

The Committee to Establish a Fire Prevention Code for the Town of Milford as authorized by Article 62 of the adjourned Town Meeting of

March 22, 1967, respectfully submits the following report and recommendations.

Upon the completion of an extended survey and study of the various standards, codes, ordinances, publications of nationally recognized safety practices, including Chapters 143 and 148 of Massachusetts General Law, as they relate to the remedying of hazards to life and property from fire, and the protection afforded by them, hereby recommend: that the proposed code as developed by the committee be prepared for study by the Board of Selectmen and other concerned agencies, and to be presented by a public hearing, at a date determined by the Board of Selectmen.

It is the intent of said code to prescribe regulations consistent with nationally recognized good practice for the safeguarding, to a reasonable degree, of life and property, from the hazards arising from the storage, handling and use of hazardous substances, materials and devices and conditions hazardous to life and property in the use or occupancy of buildings or premises.

It is further recommended that the Board of Selectmen be authorized to expend the monies necessary to cover clerical and preliminary publication costs, and that the committee be authorized to continue further study and evaluation of the code, to be presented for adoption at the next special or regular town meeting.

The committee wishes to thank the Town Clerk, Board of Selectmen, Town Counsel, Finance Committee and all others who assisted the committee in carrying out our assigned task.

JOSEPH R. MANELLA, *Chairman*  
JOHN J. HENNESSY, *Secretary*  
NOAH W. DeMATTIA, *Member*  
VINCENT J. PASACANE, *Member*

It was moved and seconded to accept the report.

Voted: That the Town vote to accept the reports of all Town Officers and Committees in the Town Report.

Article 2. To see if the Town will amend the Wage and Salary Schedule of the Wage and Salary Administration Plan in the following manner as recommended by the Personnel Board.

By making these changes for 1970 in the following classifications:

1. A706 Clerk of Board of Health, change pay rate from \$500.00 to \$2,000.00 annually, and in addition to present duties shall perform clerical duties for minimum four hours a day five days a week as prescribed by the Board of Health.

2. B606 Dog Officer, change pay rate from \$700.00 to \$1,000.00 annually; in addition, in the event a Dog Leash Law is put into effect, to change the position of Dog Officer from that of a part-time position to that of a full-time position and a salary adjustment to be recommended by the Personnel Board and presented at the next Special Town Meeting or Regular Town Meeting whichever occurs first, and such adjustment be made retroactive to the time the position becomes full time.

The increases as recommended show only the maximum for a Classification, except in certain classifications where a complete step rate progression is indicated, and in any case of additions to the work force or changes or promotions, the wage scale should be referred to and the Personnel Board should be advised.

Salaries of Chief of Police and Fire Chief are omitted from the article so as not to prejudice salary negotiations of the Police and Fire Association which are in process.

# THE ANNUAL REPORT OF THE BOARD OF SELECTMEN

To the citizens of the Town of Milford:

There follows the report of the Board of Selectmen to the residents of the Town of Milford. This report is designed to present to the people of Milford a summary of the major activities of your Board of Selectmen for the year 1970 along with some thoughts and plans for future improvement.

**HOME RULE CHARTER COMMISSION.** The Town Government Study Committee formed by the Selectmen in 1969 completed its work by obtaining authorization of the voters of Milford to put on the ballot the question whether the Home Rule Charter Commission should be formed. At the annual town election of March 1970, the people of Milford voted to form a Home Rule Charter Commission and elected nine members to serve on the Commission. The Charter Commission held numerous meetings and public hearings throughout the year and as a result of the diligent efforts of the members of this committee, the Final Report of the Milford Charter Commission is completed and the charter will be submitted to the voters of Milford for their approval or rejection at the March 1971 town election.

It is the opinion of the Board of Selectmen that a new charter providing for a more efficient and comprehensive approach toward town government is vitally necessary to enable Milford to meet constantly increasing and complex demands on local government and that the Charter is the key to progress for our Town in the future. We wish to extend our deep gratitude and appreciation to the members of the Charter Commission who worked with great skill and fervor and selfless determination in drafting the Town Charter.

**COLLECTIVE BARGAINING.** During 1970, the Selectmen, for the first time, engaged in collective bargaining with the respective unions of the Milford Police and Fire Department members. Your Selectmen vehemently protested on the Town Meeting floor what were considered excessive wage increases for these departments. The Selectmen spent many months along with the Town's professional negotiator, Attorney J. Joseph Lydon, attending fact finding hearings on unfair labor practice complaints and engaging in collective bargaining sessions. With the assistance and cooperation of the Finance Committee, Personnel Board and the members of the Police and Fire Departments a more equitable wage contract was ultimately negotiated and will be submitted for approval at the March 1971 Town Meeting.

Realizing that numerous groups of municipal employees have organized for the purpose of collective bargaining and that it appears collective bargaining in the public sector will be the clear trend of the future, your Selectmen feel that the appointment of a professional negotiator for the Town in this highly specialized area was distinctly beneficial to the Town of Milford and will prove even more so in the future. Along these same lines, your Selectmen submitted a proposal to the Massachusetts Selectmen's Association Annual Town Meeting to improve the collective bargaining procedures in towns of the Commonwealth. And in another related action, your Selectmen sent a telegram to the Governor and successfully opposed proposed legislation before the General Court that would require mandatory salary increases for the Town's Police and Fire Chiefs.

**DRUG PROBLEM.** During 1970, the drug abuse problem reached alarming proportions in the Milford area and your Selectmen moved on two fronts to put an end to this menace which threatens the health and safety of the community. The Selectmen co-sponsored an article with the Milford School Committee and \$6,000 was appropriated to conduct research into the best use of community resources in fighting drug abuse. As a result, Dr. Phyllis Oram of the Boston University Medical School was hired to conduct the study and her report is near completion. The Selectmen and the Milford School Committee formed the Milford Assistance Program during 1970. This program takes the form of a non-profit corporation designed to respond to the problems of drug abuse in a comprehensive manner and funds are being sought from the State in order to carry out the program. It is hoped that these measures will provide the means necessary for eradication of the drug problem in this area.

**APARTMENT CONSTRUCTION.** Your Selectmen have expressed great concern over the construction of apartment complexes in Milford during the past year. The Board is not in favor of unlimited expansion of apartment type dwellings in Milford but has been hampered in its efforts to control this expansion due to legal technicalities. Milford's Zoning Laws prior to 1966 allowed the construction of apartment complexes in many areas which were not suitable for such construction and this defect in the law was eliminated by the 1966 amendment to the Zoning Bylaw. However, several subdivision plans were filed prior to the 1966 Zoning change and the Massachusetts General Laws provide that the zoning laws applicable to these subdivisions are the laws that were in effect at the time the plans were filed and further, that the subdividers have seven years to begin construction within their subdivisions with full protection against any change in the zoning laws. As a consequence, the Town has no legal basis for halting apartment construction in these subdivisions.

Realizing this, your Selectmen worked diligently, utilizing all the power of their office on behalf of the Town to obtain concessions from the subdividers for the provision of improved drainage, traffic flow, open space requirements and general appearance. The Board was also able to substantially limit the apartment complexes to 1 and 2 bedroom apartments which according to the latest surveys will not burden the Town's school system and will, in fact, provide a better tax base than comparable light industry by increasing tax revenue to the Town in excess of \$500,000 per year.

**SALE OF TOWN LAND.** During 1969, your Selectmen put up for sale by sealed bid less than one acre of town-owned land off Route 85 near Route 495. The high bidder was the Mobil Oil Company at \$118,300 and the Selectmen contracted to sell the land at that price. However, during 1970, a legal problem arose as to title of the land and the contract performance date had to be extended. Finally, due to the vigorous efforts of Town Counsel, Peter S. Casey, it appears that a Land Court proceeding will accomplish verification of the title in the Town of Milford. Your Selectmen are pleased to announce that the completion of this sale is imminent.

**TOWN HALL RENOVATION.** On the recommendation of the Town Hall Renovation Committee formed by the Selectmen in 1969, the Board of Selectmen moved to appropriate funds at the March 1970 Town Meeting for painting and renovation of the exterior of Milford Town Hall. The project was begun in October 1970 and is 80% complete at the writing of this report. The Board is considering several plans and proposals of the Town Hall Renovation Committee for the renovation of the interior of the Town Hall. It is the feeling of the Selectmen that not only does the Town Hall have great historical value but proper utilization of the first floor and basement levels would save large sums of money by alleviating the rental of private facilities for Town Offices and by increasing the efficiency of many Town Departments, Boards and Committees that are forced to operate either without any office space or without adequate office space.

**TRAFFIC SURVEY** During 1970, the Board of Selectmen engaged the firm of Peat, Marwick, Mitchell and Company to act as technical consultants to the Town of Milford in conducting a study to assist the Town in obtaining funds for traffic flow improvement. With a growing population, the Town now faces serious traffic problems and your Selectmen are acutely aware of this situation. The object of the consultants will be to pinpoint traffic problem areas in the Town of Milford that can be tailored to fit the requirements of the TOPICS program established by the Massachusetts Department of Public Works and the Federal Highway Administration. Under this program, the Town can obtain state and federal funds to correct its traffic problems.

**INDUSTRIAL DEVELOPMENT.** During the past year, the Selectmen continued to work closely with the Milford Industrial Commission and with Mr. Ryan Elliot, developer of 450 acres of industrially zoned land in Milford along Route 495. Adverse economic conditions in New England and across the nation have effected the luring of new industry to Milford, but the Selectmen have been assured that in the past two years, Milford has not missed any concerns that might have located here. Your Selectmen are fully cognizant of the economic benefits of proper industrial expansion and will place continued emphasis on coordinating efforts to obtain industrial development for our Town.

**FLOOD CONTROL.** During 1970, the Board of Selectmen met with the Conservation Commission and officials from the Massachusetts Department of Public Works on numerous occasion concerning the Milford Flood Control Project — Phase III. This portion of the project encompasses the reconstruction of the Louisa Lake area and the necessary articles for eminent domain proceedings will be submitted to the March 1971 Town Meeting by your Selectmen.

**YOUTH ACTIVITIES.** The Youth Activities Coordinator appointed by the Board of Selectmen, established a Youth Activities Committee during the year and your Selectmen gave full support to the endeavors of this organization. One of the major tangible results of the splendid work of the coordinator and the committee was the involvement of hundreds of Milford's young citizens in an extremely successful production of West Side Story during the summer of 1970. Your Selectmen applaud this constructive and creative enterprise and pledge their wholehearted support to such programs in the future.

**SKATING RINK.** The Board of Selectmen sponsored an article before the 1970 Town Meeting for the construction of a skating rink at Rosenfeld Park. The skating rink is near completion and will provide another safe and accessible recreation area for the youth of Milford.

**PRISONER OF WAR RALLY.** The Selectmen gave active support to a POW petition circulated in the Milford area pleading for the release of American prisoners of war in North Vietnam. Your Selectmen participated in a rally held at Memorial Hall to give impetus to the petition and we unanimously affirm our conviction that the Government of North Vietnam must treat Prisoners of War in accordance with the terms of the Geneva Convention. We look forward to the day when all American prisoners will return home to their loved ones and to the country they have served so well.

**PROSECUTOR FOR MILFORD DISTRICT COURT.** The Selectmen have endorsed Police Chief, William Fitzpatrick's proposal to seek state funds for the appointment of a full time prosecutor for the Milford District Court. The Board plans to meet with Chief Fitzpatrick to investigate the proposal which calls for the participation of all towns within the jurisdiction of the Third District Court of Southern Worcester. It is anticipated that a full time prosecutor would greatly enhance the efficient administration of justice on the local level.

**PROPOSED HOPKINTON JET PORT.** The Board of Selectmen joined twelve area towns in an effort to fight the proposed location of a Jet Port at Hopkinton, Massachusetts. A volunteer citizen effort secured petitions opposing the location which were presented to the Governor and the petitions were successful in blocking the proposal.

**DOG CONTROL STUDY COMMITTEE.** During 1970, the Board of Selectmen formed a Dog Control Study Committee composed of five members and the Committee presented recommendations on the basis of its study which provide for a full time dog officer and more stringent enforcement of existing dog control laws. These proposals will come before the March 1971 Town Meeting.

**OBSTRUCTION OF PUBLIC WAYS.** A large number of complaints were received relative to obstruction of public ways and accordingly, your Selectmen sponsored an article relative to this matter which was passed at the 1970 Town Meeting. The article, aimed at violators who obstruct public ways, consisted of a clearer definition of the existing law which was somewhat vague and antiquated. In the opinion of your Selectmen, this revitalization of the existing law will help to stem a growing problem in the Town by clarifying the law both for law enforcement officials and the Town's citizens.

**STREET LIGHTING.** Having in mind the importance of public safety and convenience, your Board of Selectmen expended monies during the year to provide street lights for newly accepted streets throughout the Town and increased street lighting on certain thoroughfares. This action was taken pursuant to surveys performed by the Massachusetts Electric Company.

**LICENSES AND PERMITS.** Throughout the year, your Board of Selectmen acted on applications for various licenses and permits placed under its jurisdiction by the General Laws. Every effort was made to treat each applicant fairly and equitably and at the same time to administer the licensing powers of the Selectmen in the best interests of the Town of Milford.

**FIRE DEPARTMENT.** The Selectmen learned with deep regret and sorrow of the death of Fire Chief Anthony J. Rossetti. Chief Rossetti's long and distinguished record of service to the Town of Milford continued a tradition for excellence and will stand for generations to come as a tribute to the great character and ability of this dedicated public servant.

Deputy Fire Chief John E. DePaolo was appointed by the Board of Selectmen to succeed Chief Rossetti and the Board has every reason to believe that Chief DePaolo's outstanding capability and determination will foster the long tradition of efficient public service established by the Milford Fire Department.

The Board of Selectmen, individually and collectively, would like to extend sincere appreciation to all Town officials and departments for their valuable assistance and total co-operation throughout the past year. We would like also to express our deep gratitude to the voters of Milford for making it possible for us to serve the Town of Milford.

Respectfully submitted,  
MICHAEL J. NOFERI, *Chairman*  
RENALDO A. DE LUZIO  
JOHN T. MAHER  
*Milford Board of Selectmen*

## **TOWN COUNSEL'S REPORT**

## ANNUAL REPORT OF THE MILFORD FIRE DEPARTMENT

To the Honorable Board of Selectmen and Citizens of Milford:

I herewith submit the report of the Milford Fire Department for the year ending December 31, 1970:

During the year of 1970, this Department was saddened by the loss of Fire Chief Anthony J. Rossetti, his death brought to an end a long and fruitful career of a dedicated and faithful Firefighter and Public Official. Chief Rossetti devoted 33 years of his life to the Milford Fire Department, of which the last 10 years were as its Chief.

During the year this Department changed its running schedule, so that we now respond to every building fire with 2 Engines, 1 Ladder, and a Rescue truck. This change was brought about so that every fire call would receive the same response of apparatus, whether it be a telephone call or a Box alarm. We hope to receive our new Pumper by the end of February 1971. It will be delivered by Maxim Motors Inc., this new Pumper will be capable of pumping 1,000 gallons of water a minute, and will carry 500 gallons of water in its tank.

During the year our Department underwent a series of tests by the New England Rating Bureau, we are now awaiting a report from these tests. We hope that this survey by the New England Rating Bureau will point the way for the location of a new Central Fire Station.

This Department is greatly concerned with the proposed construction of apartment units in the Town. If all of the units that are proposed, were constructed and in use, this Department would be looking for another Ladder truck. We are accepting 20 million dollars of new construction, to protect against fire, and should start increasing our manpower and apparatus to handle the increased population and fire calls. Our Building Code should be changed to permit construction of Apartments but to restrict the type of Construction allowed. We should require fire walls, so that no more than 8 units would become involved in fire if a fire would start in any one apartment. This would protect the lives of the people who will occupy these units. Also to require a fire alarm system in all apartments that house more than 4 units of living space.

The personnel of the Fire Department for the year was comprised of the following:

- 1 – Fire Chief
- 1 – Deputy Fire Chief
- 5 – Lieutenants
- 24 – Firefighters
- 25 – Call Firefighters

Several members of this Department are enrolled in a Fire Science Association Degree Program at Quinsigamond Community College, in quest of an Associate Degree in Fire Science.

From January 1, 1970 to December 31, 1970 this Department responded to 512 alarms, 68 Box alarms, 377 telephone alarms, 30 personal alarms, 32 Police alarms, 5 radio alarms. A breakdown of the responses is as follows:

Building Fires	107
Grass or Brush Fires	114
Automobiles or Truck Fires	58
Oil Burner Fires	15
Out of Town Calls	4
False Alarms	22
Emergency Calls	25
Inhalator Calls	23
Bomb Scares	5
Smoke Scares	5
Rubbish Fires	28
Electrical Fires	30
Chimney Fires	3
Miscellaneous Calls	56
Needless Calls	17

During the year 1970 this Department issued the following permits and inspected the work connected with the installation thereof:

Permits to install Oil Burners	44
Permits to Store Fuel Oil	52
Blasting Permits	31
Permits to Store Flammable Fluids	114
Permits to Decorate Public Buildings	9
Permits for Ammunition Storage	4
Permits for Fireworks	1
Permits to remove Tanks	2

The Department also made the following inspections during the past year:

Nursing or Rest Homes	40
Hospitals	12
Public and Parochial Schools	44
Investigation of Suspicious, Incendiary and Arson Fires	15

## PERSONNEL BOARD REPORT

To the Honorable Board of Selectmen and the Citizens of Milford:

During 1970 the Personnel Board appraised the wage scale in every classification in the Town and coordinated the collective bargaining of the Police, Fire, School Crossing Guards and Highway & Sanitation employees; salary increases were recommended when it was found increases were in order.

The Personnel Board will continue to advise and make recommendations to the Selectmen regarding wages & salaries of organized employees and also recommend and set wage rates for unrepresented employees.

The Personnel Board wishes to express its appreciation for the courtesies that have been accorded them and for the cooperation that we have received from the Selectmen, other Town Officials and Town Employees.

Respectfully yours,  
ROBERT CONSOLETTI, *Chairman*  
GERALD BARLOW, *Executive Secretary*

## ANNUAL REPORT OF THE VETERANS SERVICE DEPARTMENT 1970

### INTRODUCTION

The Veterans Services Department of the Town of Milford, herewith submits its Annual Report for the year ending December 31, 1970.

The highlights of the various veterans programs will be outlined in our Annual Report and it will consist of the following:

- I. Veterans Benefits
- II. Work Performed for the Year 1970
- III. Financial Statement
- IV. Acknowledgement

## I. VETERANS BENEFITS

Veterans Benefits have been expended since the beginning of our great Nation. The first known enactment of legislation for men who have served our country took place in our great state, then known as Plymouth Colony, in 1636; which provided that any soldier injured in defense of the Colony shall be maintained competently by the Colony. Other colonies followed and when in 1776 we became a single nation, Veterans Benefits was a well established program.

We have continued to add to these benefits until today Veterans Benefits covers a vast majority of benefits: compensation, pension, education, dental, burial allowance to list a few.

Our annual report will cover procedures used by the Veterans Services Department, to bring forth our use of the vast program of Veterans Benefits from all sources (local, state and federal agencies) to insure our veterans population of proficient services.

Services to our veterans and their dependents is no longer a mere recitation of benefits, but an individual and personal contact to assure the best results in veterans matters.

The following are brief and highlighted services that are used as format in obtaining benefits for our veterans and their dependents.

Step 1. Will cover the services at the time of discharge for our returning servicemen.

Step 2. Will cover the continuing efforts needed to assure our living veterans and their dependents of Veterans Benefits.

Step 3. Will cover the benefits for widows, children and dependents of our deceased veterans.

### **Step 1. Benefits for returning veterans:**

1. Record discharge
2. File for education benefits
3. File for State Bonus
4. File for compensation
5. File for dental needs
6. Job placement
7. Briefing and counseling

### **Step 2. Continuation of benefits for living veterans and their dependents:**

1. Assisting needy veterans and their dependents for self preservation under Veterans Benefits (chapter 115, as amended)
2. Educational benefits for children of 100% service-connected disabled veterans
3. Continue our effort to expedite benefits speedily and efficiently

4. Making available to our veterans the use of the Veterans Administration Hospitals for the best in medical care
5. Filing for pensions for our returning and disabled veterans
6. Completing annual questionnaires to enable veterans to continue to receive their pensions
7. Constantly assisting and advising veterans and their dependents in most local problems
8. Obtaining certificates of eligibility for VA Home Loans
9. Educational benefits and On-the-job Training programs

### **Step 3. Benefits for widows and children of deceased veterans**

1. Filing for pension or compensation
2. Filing for burial allowance
3. Filing for VA insurance
4. Filing for government markers
5. Filing for educational allowance for children and widows
6. Filing for compensation for dependent parents (only for service-connected deaths)
7. Information relating to Social Security Benefits
8. Continued direct contact with the Veterans Administration for the proper expediting of all benefits to our widows, children and dependent parents
9. Care of our veteran's graves

In order for this format to be carried out, the Veterans Service Department must be able to understand, serve, and work with people of all walks of life, including those with physical and mental disabilities. Also, the ability to develop and maintain close relationship with Veterans Administration and staff. The ability to speak on behalf of veterans and their dependents. The ability to provide guidance on individual cases on Veterans Benefits, rules and regulations, following the format as a guide.

The Veterans Services Department can be called a "one step service center", to render advice and assistance to our veterans and their dependents.

## ACKNOWLEDGEMENT

An expression of appreciation to all who have extended their efforts in behalf of The Veterans Services Department:

Personal thanks and appreciation to the following:

Board of Selectmen

Veterans Service Commissioner Charles N. Collatos and staff

Veterans Administration Manager William F. Connor and staff

Representative Nathan Rosenfeld

Representative Louis Bertonazzi

Veterans Council of Milford

Red Cross Chapter, Worcester, Mass.

Through the energetic work of my staff, The Veterans Services Department has provided "Red Carpet" service to our veterans and their dependents.

Being aware of the fact that our services have greatly expanded, it is, therefore, necessary to emphasize the quality of our services and continue with our best efforts to maintain a Veterans Service Department that will be rated in highest regard.

Respectfully submitted,  
ANTHONY J. MASTROIANNI  
*Director*

## REPORT OF THE MILFORD ZONING BOARD OF APPEAL

To the Honorable Board of Selectmen and the Citizens of the Town of Milford:

The Zoning Board of Appeal submits the following report for the year 1970.

Twelve meetings were held.

Twenty-six applications were received for variances or special permits.

Nineteen were approved.

Five were denied.

Two were withdrawn.

The Board met at 126 Main Street, at the office of the Milford Planning Board, except November and December when the Board met at its new quarters at the Town Hall, Milford.

The Board wishes to thank Town Clerk Catherine L. Coyne for her assistance in connection with receipt of applications.

Respectfully submitted,  
GEORGE O. STEWART, *Chairman*  
BERNARD KUSHLAN, *Clerk*

## REPORT OF THE CONSERVATION COMMISSION

To the people of Milford:

1970 must be noted as the beginning of the decade of ecologic awareness (an appreciation of the fact that any tug or disturbance of any part of our environment pulls or disturbs all parts of our environment).

The cost to right our wrongs to the planet will be prohibitive without a sustained education of all our people toward a sensitivity to the preservation of our natural resources and the criminal acts of waste and pollution of our land, air, and water.

These are overwhelming problems nation wide, but within our powers to solve for our town, if all town departments and townspeople work as one toward this end. We will continue to investigate reasonable solutions.

We have met with the Town Government Study Committee and concur with their recommendations for a central authority and the position of a town engineer as a first step.

We have expressed our views on the need for green belts and open spaces to be reserved to our Planning Board, and shortly will begin meeting with them and others to up date our master plan as originally developed by Herr Associates.

We have met with our Board of Health and have sensitivity to problems confronting them, as we have taken numerous complaints from our townspeople. (Unlawful waste disposal on many of our streets is a particularly vexing one!) In the fish kill the past year, it was three months before the state informed us we needed water samples instead of dead fish from the first day to determine cause of the kill.

Communication on regional and state levels is sorely needed. We are at the source of two important water sheds and are now associated with two regional conservation groups, The Blackstone and The Charles River Watershed Districts.

Hopefully, new legislation will improve a town's policing power concerning waste and land usage.

We are presently negotiating a study by a professional team from Suffolk University (biologists, economists, social scientists and lawyers) hopefully to conduct a comprehensive study and offer subsequent recommendations for an ecologically sound future for our town.

We have selected a group of associate members to assist in our desire to involve all our townspeople. We all want a beautiful and healthy town in which to live.

We are presently gathering material for a study course in ecology and conservation in our school system. Shortly, with a new high school facility, second to none, and with youth organizations, we have a wonderful opportunity to raise a new generation sensitive to nature.

We have kept expenses to a minimum. There is none. To do what will be necessary, we are counting in large part on developing a manpower pool beyond our town's capability of hirings; the "manpower" of all our people with payments in pride, health and pleasure.

**REPORT OF THE MILFORD  
REDEVELOPMENT AUTHORITY**

To the Honorable Board of Selectmen and Citizens of the Town of Milford:

The Milford Redevelopment Authority held regular monthly meetings during the year at the Planning Board's office at 126 Main Street and at the Town Hall.

The Milford Redevelopment Authority is faced with one major drawback, which is the failure of implementation of the minimum standard of human habitation code into the jurisdiction of the Board of Health. This step is necessary if Milford is to be considered for Urban Renewal.

The MRA will continue to work in trying to achieve its final goal in order that Milford may one day benefit from an Urban Renewal program.

**REPORT OF THE  
BOARD OF SEWER COMMISSIONERS  
FOR 1970**

To the Citizens of Milford:

The Board of Sewer Commissioners respectfully submits this report on the Milford Sewerage System for 1970.

**Collecting System.** Maintenance of the collecting system has included continued use of the jet type sewer cleaning equipment in

conjunction with the rod type, with excellent results. Continuing efforts are being made to prevent the mis-use of the sewer system caused by introduction of drainage water, particularly by home cellar drains or sump pumps, and the cooperation of all citizens is requested to prevent this type of abuse which results in periodic surcharging of main sewer lines with the consequent overflow of raw sewage into water courses. The total of these small individual amounts can easily double the normal rate of flow.

Continuing expansion by housing developments, both as individual houses or apartments will increase the load on existing sewers, and plans should be made to provide the additional main sewer capacity where required. It is noted that 1,145 new residence units have been approved for construction during 1971.

New construction, under Town construction contracts, has included sewers in the following locations:

1. Replacement of existing 6" - 8" sewer in West Street from near Maple Street to Iadorola Ave. with new 12-inch sewer - 1,668 ft.
2. Replacement of existing sewer in Kellett Drive - 8" - 132 ft.
3. New sewers as follows:

Venice Street	8"	424
Orange Street	8"	249
Carroll Street	8"	436
Medway Street	8"	118
Tyler Street	8"	371
West Street	8"	90
(Connec. at Godfrey Brk.)		
Trettel Drive	8"	751
James Street	8"	253
Total additional length		2,692 ft.
Town construction	=	0.510 miles
Previously reported		
Total Sewers		42.818 miles
		43.328 miles

Contract has been awarded for construction of a new intercepting sewer from Dilla Street to Purchase Street and work is proceeding on this section of main sewer, which will relieve the Purchase Street pumping station.

Service connections added	140
Previously reported	3,750
Total service connections	3,890

Additional sewers by private developers are under construction, to be recorded when connected and accepted into the system.

#### **Main Sewers.**

**Purchase St. Relief Sewer** - Construction contract has been awarded for the new main intercepting sewer from Dilla Street northerly to Purchase St. which will replace the Purchase St. pumping station and relieve the sewer flow in Purchase Street near Dilla Street. Work is expected to be completed early in 1971.

As previously noted, sewage flows in the other main line sewers, exceed pipe line capacity at times of high flow conditions, and this condition can be expected to become more and more a problem as housing expansion continues. This condition affects the Dilla Street interceptor, and the main sewer in Fruit Street, and the Depot Street siphon sections.

Corrective work on Depot Street is planned for this year, and plans are to be made for correction of other main line trouble spots.

**Pumping Stations.** Routine maintenance and operation is involved at the district pumping stations, with some replacement of existing equipment scheduled for this year at the Medway Rd. station at Route 16.

State Highway permit for construction of the pumping station at Medway St. and the Route 495 interchange has finally been obtained and work is proceeding on the construction of this station which will make the sewers in this area operable.

**Treatment Plant.** Considerable repair work on treatment plant equipment has been accomplished, with completion of new parts replacement in the primary settling tanks, parts for the vacuum filter unit, and the cleaning and repainting of the large rotary distributor, and work on the recirculating pumps. A series of analyses of the waste water was obtained to determine the effectiveness of the treatment plant in B.O.D. reduction.

These analyses showed reduction in B.O.D. (biochemical oxygen demand) from an average of 213 ppm for the raw sewage entering the plant, to 23 ppm for the final clarifier effluent, or 89. per cent. This indicates good operation for a plant of this type, but does not include the effect of the nutrient content of the plant effluent.

However, the adoption of more stringent limits on the discharge of waste water into the Charles River has resulted in orders from the State Division of Water Pollution Control for the Town of Milford to provide tertiary treatment with removal of phosphate nutrients, to a much higher degree of purification than can be accomplished by the present secondary treatment by trickling filters. This will require extensive additions to the treatment plant in construction as well as in operating costs.

Funds are being sought at a special or the annual Town meeting for engineering costs for design of the required plant, as ordered by the State.

Quantity of waste water treated at the plant, by month, is as follows:

January 60.685 mill. gallons; February 82.152; March 62.868; April 78.058; May 61.450; June 49.054; July 36.606; August 35.301; Sept. 32.205; Oct. 32.684; Nov. 41.688; Dec. 52.000. Total - 624,751,000. Gallons; Daily Average - 1,710,000 Gallons; Ave. of Max. Month - 2,940,000 Gallons.

**General.** Conferences have been held with the Selectmen, Board of Health and other Town departments regarding problems involving the sewer system. Continued growth results in greater demands on the sewer system both in extensions and in capacity of trunk line sewers and pumping stations, and aggravation of chronic trouble spots. Sewer extensions and certain facilities for greater capacity have in a number of cases been installed or financed by private developers for inclusion in the sewer system.

The Board of Sewer Commissioners will continue to attempt to provide the necessary service by submitting the requirements to the Town for necessary operating, maintenance and construction cost appropriations.

## REPORT OF THE POLICE DEPARTMENT

TOWN OF MILFORD, MASSACHUSETTS  
POLICE DEPARTMENT  
WILLIAM F. FITZPATRICK, CHIEF

January 11, 1971

The Honorable Board of Selectmen  
Town Hall  
Milford, Massachusetts

Gentlemen:

It is my pleasure to submit the following report of arrest and other duties performed by the Milford Police Department during 1970.

I recommend that the necessary steps be taken to increase the width of West St. from Congress St. to Union St. and also, the Cape Road from West St. to Green St. and South Main St. from Main St. to Forest St. also School St. and Pearl St.

Traffic has increased greatly on those streets because of the Funeral Home on West St. and also, the increase business activity on the Cape Road, and the developments on Purchase Street.

Your department has continued the policy of sending men to the various Police Schools, with Sgt. Walter F. Conley completing the courses at the Command Training Institute at Babson College at Wellesley, Massachusetts Sponsored by the New England Associations of Chiefs of

Police. Also, Officer James M. Curley and Joseph M. Dias completed six weeks courses at Massachusetts State Police Academy Framingham, Massachusetts.

I recommend that the Town adopt Chapter 41 Section 108I of the General Laws to compensate officer assigned to Fingerprint and Photography.

It is with pleasure to inform you that the Town is a member of the New Public Safety Teleprocessing System and also have in Service Radar and Two new portable Radios.

I recommend that the Town take steps to obtain a grant from the Law Enforcement Assistance Administration to obtain funds to provide a prosecutor for the District Court. The Commonwealth of Massachusetts has been allotted \$150,000 for this purpose. We could combine with Mendon, Hopedale and Upton the other Towns in the Third District Court in this effort.

I take this opportunity to thank the Board of Selectmen and all other Town Departments for the cooperation during the past year.

Respectfully submitted,  
WILLIAM F. FITZPATRICK  
*Chief of Police*

## REPORT OF THE MILFORD INDUSTRIAL DEVELOPMENT COMMISSION

To the Honorable Board of Selectmen and Citizens of the Town of Milford:

The year of 1970 was one of progress and planning for the Industrial Development Commission with the purpose of creating a favorable image for the Town of Milford in order to attract immediate Industrial Development. Regular monthly and several special meetings were held during the year.

A direct mail campaign to Industrial brokers and many Industrial companies has been expanded this year. Inquiries were received for Industrial floor space, but at present there is very little available for occupancy.

The commission and the board of selectmen have been working very close with the owners of the Century Industrial Park which is to be located in the Bear Hill section. Even though the economic situation is at an all time low, interest has increased with many inquiries being received from Industrial concerns and Industrial brokers. Hopefully these inquiries will soon change into Industrial concerns relocating in Milford.

Several meetings with Representatives of the State Department of Commerce and Development were held during the year. Listed as the four most important requirements for attracting industry by the Representatives were the following: proximity to selling market, transportation, suitability of land and labor.

The Commission is presently investigating the merits of Milford in these categories and intends to greatly expand its advertising program outlining Milford's advantages as an ideal Industrial-Commercial location.

The Industrial Development Commission wishes to express its appreciation and thanks to the many town officials who have given us their cooperation.

Joseph Rosenfeld - Chairman, John Mazzone - Vice Chairman, Gus Sannicandro - Secretary, Marvin Brustin, Paul Charest, George Ellis, Sam Farese, Thomas Ferretti, Charles Goucher, James Halterman, Louis Morcone, Robert Neilan, Richard Rae, Robert Symonds, Harry Webber.

## REPORT OF THE MILFORD CHARTER COMMISSION

January 4, 1971

Board of Selectmen  
Town Hall  
Milford, Massachusetts

Gentlemen:

The nine member Milford Charter Commission was elected at the annual election last March for the purpose of drawing up a Charter

(Constitution) for the Town of Milford. The Town Meeting appropriated \$12,000 to assist us in our work.

Since the election of the Charter Commission in March, the Commission has conducted fifty meetings. One of our initial decisions was to engage Municipal Consultants Inc., a leading authority in the state in the field of home rule. During the ten month period since its election, the Commission has conducted two public hearings, interviewed town officials, studied the various alternatives open to us and finally drafted the preliminary report which was published in the Milford Daily News on Friday, October 30, 1970.

The final report is the result of nearly three years study by both the Town Government Study Committee and the elected nine member Charter Commission.

Briefly stated, the most significant changes to our present system of government included in the charter are as follows:

- (1) It establishes the position of town administrator, appointed by the Board of Selectmen, and responsible for the day to day administration of town affairs
- (2) It provides for a new fiscal management procedure including a capital improvement program for long-range planning. Also provided for are centralized purchasing, inventory control and continuing supervision for all departmental budgets.
- (3) It provides for a new consolidated department of public works. Under this department the responsibilities of the present highway, sewer, tree and other departments concerned with maintenance will be merged.
- (4) It increases the membership of the Board of Selectmen from three to five members to broaden the base of its authority, and it increases the membership of the School Committee from six to seven members.
- (5) It provides many improvements relative to the Representative Town Meeting, such as a continuous meeting; recording of votes; a standing committee system; publication of rules of procedure, and the appointment of a deputy moderator. It also establishes that voters in each precinct will be required to elect only seven town meeting members from each precinct each year for three year terms, for a total membership of 105.

Chapter 43B of the General Laws requires that a Charter Commission must submit its final report to the Board of Selectmen within ten months after its election. Chapter 43B further states that the Board of Selectmen shall provide for the publication and distribution of the Charter and for its submission to the voters at the next annual town election. If the Charter is approved by a majority of the vote then it shall go into effect as stipulated in the Charter.

We of the Charter Commission are confident that we have framed a charter that is truly tailor made to the needs of our community. We strongly feel that it represents the convictions of the vast majority of our citizens, and that it presents a very positive approach to the management of our governmental affairs.

Respectfully submitted,  
MILFORD CHARTER COMMISSION

## REPORT OF THE MILFORD PLANNING BOARD

To the Honorable Board of Selectmen  
And citizens of the Town of Milford:

The Planning Board held bi-monthly meetings during the year 1970 at its Office at 126 Main Street, with one monthly meeting during the months of July and August. The Office was moved to the Town Hall in October. Several special meetings were held during the year.

Many plans not requiring approval were submitted to and signed by your Board and three subdivisions totaling 138 lots were approved.

The Board received several petitions for changes to the zoning by-law for the March Town Meeting. The Board held public hearings on these requests and made its recommendations to the Town Meeting members. This Board is gratified that its recommendations were followed.

The Board has continued to work with other Town Boards, commissions and committees for the improvement of Town affairs. Copies of the Town Zoning By-Law and Building Codes are available at this Office for a nominal fee.

During the past year the Planning Board has made its Office available to the Building Inspector, Personnel Board, Zoning Board, Conservation Committee and the Urban Redevelopment Commission.

## REPORT OF THE BUILDING INSPECTOR

To the Honorable Board of Selectmen  
and Citizens of the Town of Milford:

The following is the fifth annual report of the Building Inspector of the Town of Milford for the year 1970.

I have been continuing our office hours between the hours of 8:00 A.M. and 10:00 A.M. at the Town Hall with Mrs. Consoletti as Clerk. In October of 1970 the Building Inspector's Office moved to the Town Hall adjacent to the Board of Health, which makes easier co-ordination of inspections.

The year 1970 continues to show a growing trend for the Town of Milford. The cost of construction above the cost of land shows an increase of approximately \$3,000,000.00 over the year 1969. Although single family dwellings increased somewhat, the major part of construction was in apartment dwellings.

During the year several safety inspections were conducted in conjunction with the Fire Chief and the Department of Public Safety. Several dilapidated buildings were inspected; also, in conjunction with the Board of Health. House numbers have been assigned in many developments; I have been working with the Postal Department in order to expedite this matter. All Nursery Schools in Milford were inspected and safety certificates issued.

The following is a breakdown of the permits issued by the Building Inspector:

New Dwellings	119	\$2,017,769.00
Commercial & Industrial	8	360,000.00

Remodeling & Additions	55	1,177,150.00
Apartments (743 units)	5	4,114,000.00
Demolitions	4	2,700.00
Signs	21	19,125.00
Pools	9	16,740.00
Occupancy	75	
Home Occupation	4	
		<hr/>
Estimated cost of construction above the cost of land for 1970:		\$7,707,484.00
The amount collected for permits:		\$10,014.50

The Building Inspector and Deputy Building Inspector have devoted a total of 1,418 hours of inspections.

The following is a breakdown of the salary account:

Appropriated:		\$5,350.00
Noah DeMattia, inspections	\$2,447.05	
Andrew Falconer, inspections	222.00	
Noah DeMattia, administration	1,850.00

## REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee and Citizens of the Town of Milford:

Herewith I submit respectfully the ninety second annual report of the School Department and my twenty-fourth as Superintendent of Schools.

As our community continues to expand and as living seems to become more involved and complicated at the outset of the 1970 decade, problems in our schools seem to correspondingly multiply and become diversified.

The matter of providing spaces in which the educational program may be implemented and improved continues to occupy attention. Construction of our new senior high school building will solve much of the problem, and I am happy to report that site development work has been almost completed and bids on construction will be sought in the immediate future, in fact before this report is finally printed. Construction should get under way in the Spring of 1971 and completion of the building may be expected between eighteen and twenty-four months thereafter.

While structural planning of the building has been progressing, the program of studies has been under review of teachers, administrators and School Committee personnel. The combination of new facilities with outstanding programs and an excellent staff will undoubtedly serve the youth of Milford in an excellent manner for years to come.

In consideration of the fact that enrollment is increasing rapidly (For example, we had an increase of 189 pupils in 1970), until the new school is ready for occupancy, the matter of housing pupils is still a problem, especially in the elementary grades. Increased classroom space is being provided by a combination of rental of church spaces and by construction of so-called relocatable classroom buildings. During 1970, two rooms were rented at the Trinity Church (corner of Congress and Exchange Streets) and four new rooms were built in two relocatables at the site of the Plains School and also at the site of the Purchase St. School. At present, we are renting four rooms and we have built eight relocatable classrooms. The increased enrollment of elementary grade pupils has necessitated this action and if enrollments continue to climb, still further rentals will be needed. Certainly, if so-called preprimary or kindergarten classes are to be re-established or reinstituted, more classroom space will be required and rental of more space appears to be indicated for this purpose.

During the past year, the teacher aide program was expanded in the elementary grade areas so that there are now a total of fifteen (15) teacher aides in the Department. The basic function of the aide is to assist the classroom teacher with the various chores in the classroom so as to allow the teacher more time for actual instruction of the children. The program

seems to be effective and it will continue to be evaluated by the administration during the ensuing school year.

Another innovation which was adopted during the past year was the so-called Drug Abuse Program. Early in 1970, under the direction of Reverend Anthony M. DeCesare, S.T.L., a program was initiated and conducted in the High School. Since its inception, the program has met with success and has now been expanded to reach many more students and to aid those whose need is most acute. In cooperation with the Board of Selectmen, a study of the drug abuse problem in our community was made and the findings of this survey are about to be published in a matter of days.

At the outset of the current school year, Rev. Anthony M. DeCesare, S.T.L. was appointed as Director of Drug Education, and I am pleased to report that he is achieving wonderful results in the organization and execution of an excellent program. High school and junior high school teachers, counselors and administrators are cooperating in this effort under the inspirational leadership and direction of Father DeCesare.

Very recently, the School Committee joined with the Board of Selectmen in the organization of another agency, the Milford Assistance Program, Inc., the purpose of which is to assist in the fight against drug abuse on a broader community-wide basis.

During the past year for the first time, the services of a so-called professional negotiator were engaged by the School Committee. Attorney A. Gene Niro acted on behalf of the School Committee in the countless sessions held with employee groups in the collective bargaining process recently established by law. This new arrangement of having an agent act for the School Committee in this very important area appears to have been successful and, consequently, it is to be continued in the immediate future.

Another innovation is in the process of fulfillment at the moment; namely, the creation of a new position of Assistant Superintendent of Schools and the selection of a person to fill this position.

During the latter part of 1970, the School Committee advertised for and received applications. A large number of well-qualified people signified interest and the Committee is currently engaged in the process of interviewing candidates in their effort to select the best person for the very important post.

In conclusion, I am compelled to report the previous year has been a busy one filled with situations, conditions and problems which required an unusual amount of time and effort to be expended by members of the School Committee.

Consequently, I extend my deep appreciation to the members of the School Committee, both individually and collectively, for their unselfish contributions of talent, patience and understanding. A difficult year has

been made more pleasurable and even more satisfying by the splendid assistance and for this, I am sincerely grateful to each of them.

## PERSONNEL

Again, the School Department was able to fill the needs of the teaching force by engaging well qualified teachers who give promise of meeting with success in their duties.

The School Committee is to be congratulated for their profound interest in bringing to our teaching force personnel of high caliber.

## TOWN ACCOUNTANT'S REPORT

To the Honorable Board of Selectmen:

Herewith I submit my Annual Report of the financial transactions of the Town of Milford for the year ending December 31, 1970.

Included is the usual Balance Sheet, a detailed report of the receipts from all sources of income, a detailed report of the Expenditures of each Department and Account, a Recapitulation Schedule showing Appropriations, Receipts and Transfers, Expenditures and Balance and also the estimated cost to run the various departments as submitted by them for the coming year. Also included is a Debt Schedule showing the Outstanding Debt and Maturity by years.

I wish at this time to thank all the Departments for their cooperation during the past year.

Respectfully yours,  
MICHAEL J. HANNIGAN  
*Town Accountant*

# REPORT OF THE TOWN HALL RENOVATION COMMITTEE

## February 1, 1971

The Board of Selectmen  
Milford, Massachusetts

On February 9, 1970, the Town Hall Study Committee was appointed to serve as the Town Hall Renovation Committee.

The Committee made a survey of available space in Town Hall on April 30, 1970 and recommended that certain space be made available to the Board of Health which, at that time, was occupying rented space in private property. The Committee also pointed out the minimal work that was required to make such move possible.

On May 18, 1970, the committee selected the Architectural firm of Oldham, Soforenko and Priestley to prepare specifications and contract documents for, and to oversee the work of renovating and painting the exterior of the building.

On July 29, 1970, the committee made a lighting survey of the Veterans Service Office and recommended relatively low cost temporary measures for the relief of an inadequate lighting situation.

In September, 1970, a contract for the restoration and painting of the exterior of the building was awarded to H. M. Horton at the low bid of \$19,493. Work was begun in October. Unfavorable weather conditions prevented the completion of the job. Work will be resumed as soon as the weather permits.

The committee recommended that certain space be provided in Town Hall for the Sewer Department, the Planning Board, the Building Inspector, and the Zoning Board.

Respectfully submitted,  
ROBERT A. TACCONI, *Chairman*  
ANTHONY DELUCA  
CHARLES WOOD  
ISIDORE EISENBERG, *Secretary*
